- B. White
- C. Grey
- D. Almond

Hard Rock Maple,  
 Light Oak, Medium Oak,  
 Velvet Cherry,  
 Cracked Cherry,  
 Walnut, Mahogany,  
 Black/White Marble  
 Satin Chrome  
 Matte Gold

- Permits light to pass through the shelves to illuminate items on lower shelves
- Strong and durable, yet lightweight allows for reduced shipping costs
- Made of specially formulated polymer
- Accepts slatwall, grid or slotted standard brackets
- Availability:  
 Depths - 13" or 15"  
 Lengths - 24", 30", 36", 48" or 50"
- Use 12" brackets for shelves that have 13" depth  
 Use 14" brackets for shelves that have 15" depth
- Cost effective in comparison to glass shelves
- Reduction in freight cost. Glass shelves must be crated and shipped by truck at a much higher cost.

E. All Translucent Shelf
