

Mondo Mannequins, an industry leader since 1989, is proud to introduce SYSTEM Mannequins Series. More than a new line, it is a revolutionary approach to mannequin design, construction and implementation. For the retailer, it means unparalleled display flexibility.

Select an adult mannequin with legs (with head or without). Complete the "pose" with one of three arm options: by side, on hips, or behind the back. Use it as you would any conventional mannequin. Need to completely change the look at a fraction of the cost? Simply select a new pair of arms and change the pose. Want even *more* flexibility? Separate the upper torso from the hip and legs. Add a hip block to the hip and legs, and create a pant or skirt form. Now, take the arms off the upper torso, add shoulder blocks and use it as a blouse or shirt form. Display it as is, on a counter or shelf. Add a torso form base (all adult SYSTEM mannequins include a flange) and it becomes a jacket form for a display ledge or floor!

Female mannequins (size 4)

- All fiberglass construction
- Realistic, fleshtone color
- Sculpted hair (unless headless)
- 7/8" diameter flange

SYF-H

with head, torso and legs
(no arms)

- 6" Tall
- 35" Chest
- 25" Waist

- SYM-B** -

SYM

headless 3/4 torso form w/ wire loop
(no arms)

3' 7 1/2" Tall (top to bottom)
6" Crotch to bottom
38" Chest
30" Waist
34 1/2" Hips

Accepts all off-center (thru-the-
leg) bases for forms (w/ 7/8"
diameter rod)

Options:

- SYMS** - Shoulder caps

ALL SYSTEM mannequins are made of lightweight fiberglass for use and longlasting reliable performance. They feature sculpted hair and realistic, fleshtone color. Models with legs include a 16 $\frac{1}{2}$ " diameter tempered glass base with ankle-mounting rods for elegant solid support. Children's SYSTEM mannequins are offered with wire loop for hanging, and also include a 13 $\frac{3}{4}$ " diameter tempered glass base with ankle-mounting rod. Arms are removable to facilitate dressing.

Note: If you require torso forms only, both adults are available in 1/2 torso (headless) versions (choose arms or shoulder caps). For floor displays, order optional torso bases. All SYSTEM torso forms include a 1/2" flange.

Children's mannequins

- All fiberglass construction
- Realistic, fleshtone color
- 13 $\frac{3}{4}$ " diameter tempered glass base with ankle-mounting rod • Wire loop for hanging
- Removable arms for dressing
- Includes removable hat displayer and mounting rod
